

FACT eOffice Login Procedure

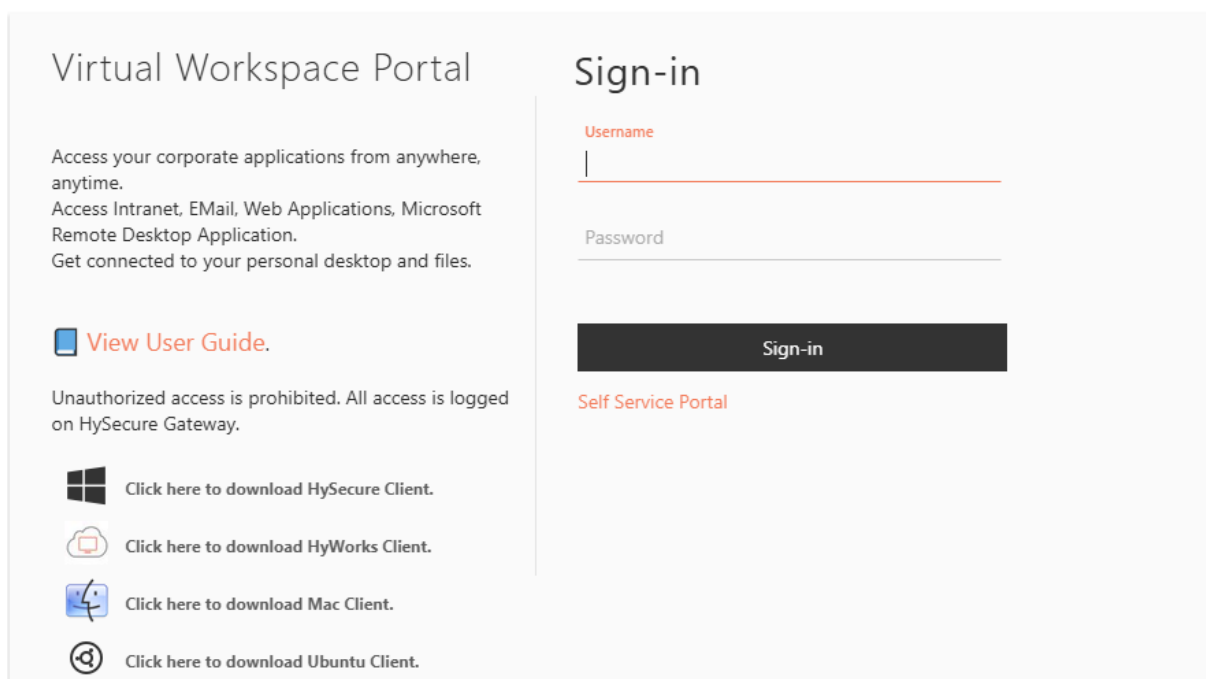

Access to FACT eOffice is through a Virtual Private Network provided by RailTel Corporation of India(RCIL).

Step by step procedure to access FACT eOffice is detailed below. Steps 2 and 3 are one time activity.

1 . Login to VPN

Click the below link to access FACT eOffice thru VPN of RCIL.

<https://sconnect.railtel.in/>

The screenshot shows the 'Virtual Workspace Portal' login interface. On the left, under 'Virtual Workspace Portal', it states: 'Access your corporate applications from anywhere, anytime. Access Intranet, EMail, Web Applications, Microsoft Remote Desktop Application. Get connected to your personal desktop and files.' Below this is a link 'View User Guide.' and a disclaimer: 'Unauthorized access is prohibited. All access is logged on HySecure Gateway.' At the bottom are four download links with icons: Windows (HySecure Client), Mac (HyWorks Client), Linux (Mac Client), and Ubuntu (Ubuntu Client). On the right, under 'Sign-in', there are input fields for 'Username' and 'Password', a 'Sign-in' button, and a link for 'Self Service Portal'.

Your official email id in the username@domain (Eg. csc@factltd.com) is your username to access the VPN. Initial Password is **eOffice@7890**

2. Resetting initial password of VPN

Initial password has to be reset during the first login, as detailed below.

Virtual Workspace Portal

Access your corporate applications from anywhere, anytime.

Access Intranet, EMail, Web Applications, Microsoft Remote Desktop Application.

Get connected to your personal desktop and files.

 [View User Guide.](#)

Unauthorized access is prohibited. All access is logged on HySecure Gateway.

Click here to download HySecure Client.

Click here to download HyWorks Client.

Click here to download Mac Client.

Click here to download Ubuntu Client.

Sign-in

Your Password has Expired. Please Change your password:

Old Password

New Password

Retype New Password

Change

[Show Login](#)

Fill all the fields and click on change. Click OK when prompted.

fact-vpn.rcil.gov.in says

Your password is changed successfully.
you are logged out from current vpn session.
You need to login again.

OK

New Password

Retype New Password

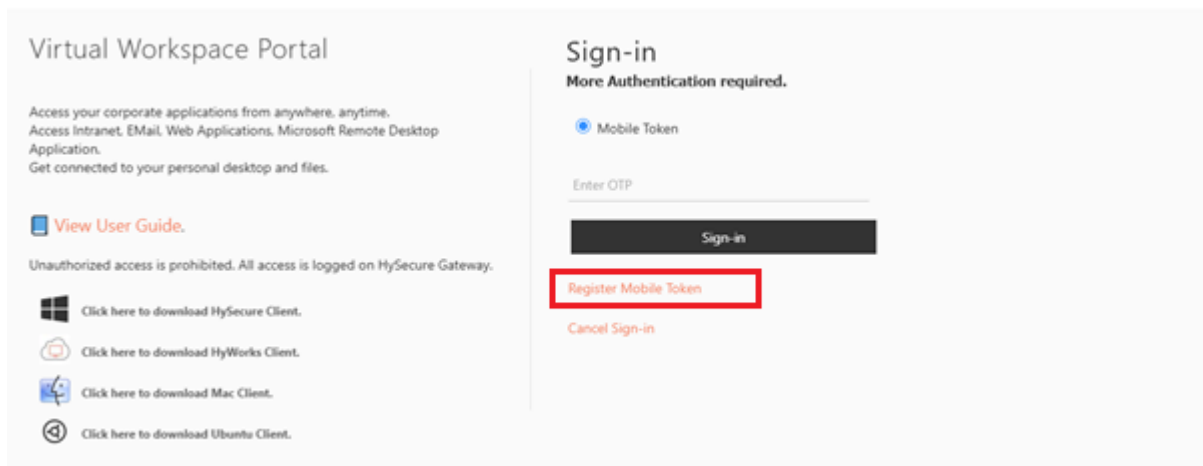

Change

System then directs you again to VPN sign-in page.

3. Mobile Device Registration and HyID App Installation

Now, you have to do a one-time registration of your Mobile. This is required for OTP based 2 Factor authentication. Accops HyID app is being used for 2 Factor authentication.

Click on **Register Mobile Token**

A QR code will be displayed to register Accops HyID App.

Before scanning the QR Code, install Accops HyID app from Google Play Store / iOS store.

Open the App and scan the QR Code to link your Mobile.

Device Registration

रेलटेल
RAILTEL
