

Joint Interactive Meeting on PP Bags Procurement

Strengthening Partnerships Through Collaboration and Process Improvement

The Fertilisers and Chemicals Travancore Limited (FACT), a Government of India enterprise, is engaged in the production and trading of nitrogenous and phosphatic fertilizers. The company has an annual requirement of approximately 3 crore outer laminated polypropylene (PP) bags for packing fertilizers at its manufacturing facilities and various ports across India.

As part of our continuous efforts to strengthen partnerships with suppliers and enhance procurement efficiency, FACT is organising a Joint Interactive Meeting with PP Bag Manufacturers and Suppliers.

The meeting aims to provide a collaborative platform for meaningful discussions between FACT and its valued suppliers, focusing on operational improvements, procurement processes, and future developments in the PP bag industry.

Meeting Agenda

Operational Challenges

Discussion on common challenges faced by buyers and suppliers and exploring possible solutions for improving procurement and supply operations.

Industry Developments

Exchange of insights on emerging technologies, innovations, and developments in PP bag manufacturing, materials, and processes.

Open Forum

An interactive session for sharing suggestions, ideas, and perspectives towards building a more resilient and efficient supply chain.
