FACT CORPORATE MATERIALS	TRANSPORTATION OF BENZENE BY ROAD FROM MRPL, MANGALORE TO FACT PD-UDYOGAMANDAL	Enq.No: MM/182/E27907 dated 27.07.2023
--------------------------	--	--

- 3.3 Evaluation of bids and determination of the L1 bidder shall be based on the lowest rate quoted by the bidder in the Price Bid Format.
- 3.4 If there is a tie in the L1 position for the work, the tie shall be broken by obtaining revised reduced rates from the L1 bidders
- 4.0 **SPLITTING OF QUANTITY:**
Considering the nature of work and to have flexibility in movement operations, FACT proposes to engage more than one contractor for the work as per this enquiry. The work shall be split among more than one bidder, even if the single L1 bidder is having full capacity movement requirement for the work.

If non MSE bidder becomes lowest (L1), then 25% of total order quantity shall be allocated to MSE bidder as per the clause 8.0 of Instruction to Bidders, based on matching with L1 quoted rate.

For the balance quantity, the lowest bidder (L1), the second lowest bidder (L2) and third lowest bidder (L3) will be awarded order in the percentage ratio of 50:30:20 of the balance quantity subject to capacity and also matching with the L1 rate

If MSE bidder becomes lowest bidder (L1), 50% of the work will be awarded subject to capacity and in this case the preference to MSE bidder as per the clause 8.0 of Instruction to Bidders will not be applicable

In case L2, L3, does not match with the L1 rate then L4 will be awarded order allocated for second lowest bidder subject to L4 matching with L1 rate and so on. The opportunity shall be extended to all eligible bidders who qualify the PQ criteria until 3 bidders are shortlisted for placing of orders. In case only 1 bidder apart from the L1 bidder accepts the L1 rate, those 2 bidders will be awarded order in the percentage ratio of 60:40 of the balance quantity. In case L2, L3 etc. do not match with the L1 rate, order may be given to L1 for the full quantity subject to capacity of L1.

Note: The monthly movement capacity of a bidder will be assessed based on the carrying capacity of the road tankers offered for the work, assuming **9 trips per month per tanker**. The peak movement requirement of **6000MT per month** (200 MT per day) will be treated as the capacity requirement for the work. The splitting of the total estimated quantity of **69,300 MT** (for two years) shall be made in the ratio of monthly movement capacity of bidder(s) ascertained as above to the monthly peak movement requirement of 6000MT. FACT's decision on the splitting of order quantities shall be final and binding on the bidders. Any further quantity amendment will be made under FACT's discretion only.
