BULK FERTILISERS AT TUTICORIN SEA PORT.

Enquiry NO:  
MM/180/E27413  
dated 18.05.2023

- 7.2 Bids without EMD shall be rejected except in the following cases: EMD will be exempted for Govt. Depts/firms, public sector units, Micro & Small enterprise units registered under MSMED Act (subject to Declaration of Udyam Registration Numbers by the vendors on CPP Portal and uploading the copy of latest valid Udyam Registration Certificate along with their bid)/ firms registered under NSIC/Khadi Board etc. as per applicable govt. directions, on submission of valid documents in proof of the same.
- 7.3 If any bidder retracts from or without request of FACT revises or amends his bid during its validity period or fails to submit Security Deposit within the stipulated time or fails to execute the required agreement when the contract is awarded or fails to commence the execution of the work on the stipulated date, the EMD furnished shall be liable to be forfeited without prejudice to FACT's other right to claim damages.

#### **8.0 PURCHASE PREFERENCE:**

This tender shall be based on MSME order dt. 23<sup>rd</sup> March 2012, and as amended from time to time, pertaining to Public Procurement Policy in respect of procurement of goods and services, produced and provided by micro and small enterprises (MSE), including special benefits to MSE firms owned by SC/ST and women entrepreneurs, on furnishing relevant documents as proof. Declaration of Udyam Registration Numbers on CPPP is mandatory, failing which bidders will not be able to enjoy the benefits as per PP policy. Bidders will get the benefit of PP policy only if they are Micro And Small Enterprise bidders at the time of submission of their bids, in proof of which latest valid Udyam Registration Certificate shall be uploaded. Bidders may note that failure to update the relevant information within the period specified in the online Udyam Registration portal will render the enterprise liable for suspension of its Micro And Small Enterprise status, in which case they will not be eligible to claim PP benefits/EMD exemption.

In divisible tenders, participating Micro And Small enterprises quoting price within price band of L1+15% shall also be allowed to supply a portion of requirement by bringing down their price to L1 price in a situation where L1 price is from someone other than an Micro And Small Enterprise. Such Micro And Small Enterprises shall be allowed to supply atleast 25% (or as applicable) of the total tendered value. In case of more than one such Micro And Small Enterprise, the supply will be shared proportionately (to tendered quantity). Special provisions extended to certain categories of Micro And Small enterprises as per the order shall also be applicable.

In case of non-divisible tenders, an Micro And Small Enterprise quoting in the price band of L1+15% may be awarded for full/complete work of tendered value, considering the spirit of policy for enhancing the Government procurement from Micro And Small enterprises subject to bringing down of price to L1 by the Micro And Small Enterprise concerned.

**This tender is non-divisible.**

contractor shall keep FACT informed of (i) the ETA / firm arrival schedule / Notice of Readiness (NOR) of the vessel, (ii) berthing prospects of the vessel, (ii) suitable berth location/s (iii) berth allotment by the port etc., for the vessel. The contractor shall attend daily berth meeting at the port from the time the vessel is assigned till the time the entire material is discharged. All required documentation connected with Customs clearance and Port formalities will have to be done by the contractor. Filing of Import General Manifest (IGM), if not filed by Owner's agent, receiving and accepting Notice of Readiness (NOR) etc. shall be in the scope of contractor.

- 9.7 **Execution of bonds:** In case the original shipping documents are not available before the arrival of the ship, the contractor shall get the required indemnity bond prepared in consultation with the vessel agent and FACT. If any other bonds are required to be executed, the contractor will promptly do so. The contractor shall complete all the necessary formalities and take steps so that delivery of the cargo is obtained immediately and discharge is commenced & completed in time. The **cancellation of such bonds** however shall be done by the contractor immediately, but in any case not later than two months from the date of receipt of the original shipping and other documents from FACT, failing which he shall be responsible for all consequences, legal or otherwise.
- 9.8 Immediately on arrival of the vessel within the port limits, the vessel owners' agents will tender the NOR after free-pratique is obtained and Custom entry made. The contractor shall accept the NOR on behalf of FACT in the usual form on working days and during office hours only as per the normal terms and conditions of Charter Party. The time of NOR tendered and accepted, time of commencement and completion of discharge of each shipment shall be intimated to FACT promptly.
- 9.9 Independent surveyors will be appointed by FACT for normal surveys and the contractor shall in co-ordination with the surveyors, ship's agents and FACT-officers arrange for the required surveys at the appropriate time. The contractor shall arrange for hatch / cargo survey on arrival of the vessel. All surveyors' fees will be paid by FACT. The contractor shall also coordinate with the representative of Central Fertiliser Quality Control and Training Institute and/or any other Government Agencies for inspection of the product, drawal of samples, etc. as per the sampling procedures defined in FCO under intimation to FACT. The contractor shall also ensure receipt of quality certificates from the offices concerned and promptly forwarded to FACT.

#### DISCHARGE FROM VESSEL

- 9.10 Generally, bulk cargo is to be unloaded to the wharf using shore crane / grab or ship's crane / grab. The contractor shall ensure discharge of the cargo is done in a proper way avoiding over board spillage and loss of cargo. Charges towards use of grabs shall be borne by bidder in case it is not available/damaged in vessel.
- 9.11 The guaranteed discharge rate and minimum bagging rate for the port shall be as given below. PWWD SHEXEIU stands for "Per Weather Working Day Sunday Holiday Exempted Even If Used".

STEVEDORING, BAGGING, HANDLING ETC. OF  
BULK FERTILISERS AT TUTICORIN SEA PORT.

Enquiry NO:  
MM/180/E27413  
dated 18.05.2023

- 9.19 The contractor shall take care to sweep/clean the godown, wharf, boats etc., prior to handling / storing the product to avoid contamination. The contractor shall collect sweepings of the product spillages of each shipment and delivered duly bagged and standardised ensuring no contamination.
- 9.20 FACT may, at its discretion, carry out a physical verification of the cargo stocks and empty bags etc. The contractor shall provide all required assistance for this operation and he will be fully responsible for any variation or discrepancy if found during such verification.
- 9.21 The contractor shall transport the products to the standardization area/godown through leak proof trucks/ tippers/ dumpers. If the material is received in lumps/caked form, the contractor shall make the material “free flowing” at no extra cost to FACT.

**DAMAGED CARGO ON BOARD:**

- 9.22 In case any damaged cargo is noticed in the vessel, the same shall be segregated and immediate arrangements shall be made for survey on board the vessel by our surveyor, after giving due notice to the Master of the Vessel and Steamer Agents on behalf of FACT and intimate FACT accordingly. The contractor shall thereafter fully assist Surveyor appointed by FACT in assessing the loss/damage. After survey the damaged cargo shall be discharged, separated and surveyed on shore again. The contractor shall ensure that the discharge and storage of the damaged cargo is done separately to avoid mix up with good cargo. Such survey shall be a joint survey associating the Master / Steamer Agents and the survey reports shall be countersigned by the Master or his representatives.

**PREPARATION OF STATEMENT OF FACTS:**

- 9.23 After the completion of discharge of a vessel the contractor shall prepare the Statement of Facts (SOF). The SOF shall be duly signed and accepted by the Owners/Agents of the Ship, and Master of the vessel. All necessary remarks, entries etc. pertaining to the vessel handling operations should be made so that interests of FACT are duly protected. Failure to do so will be deemed as negligence on the part of the contractor and the contractor will be held responsible for any loss that FACT may suffer. The SOF along with all necessary documents viz. Stevedoring reports etc. will be submitted to FACT, by the contractor within 15 days after normal completion of discharge. The contractor shall furnish the custom cleared Bill of Entry (Home Consumption copy and Exchange Control copy) and all Customs attested Shipping documents to FACT within fifteen days after normal completion of discharge.
- 9.24 The contractor shall, after the completion of discharge of the vessel, obtain from the Master / Owners of the Ships (1) A “Certificate of completion of discharge” implying that the Discharge has been completed and no cargo is left on board and (2) “No Claim Certificate” indicating there is no claim and if not so, indicating the damages caused to the ship, ship’s gear or equipment. It is the responsibility of the contractor to make good

the damage, if any caused to the ship, ship's gear or equipment by the contractor/his workmen during the course of the discharge of the cargo.

- 9.25 The contractor shall compile and prepare a draft lay-time sheet, which will be submitted, to FACT, within fifteen days after completion of discharge of the vessel.
- 9.26 Tarpaulins, if required, should be provided at the unloading point at contractor's cost so as to avoid any wastage / damage of cargo during handling. If any cargo is damaged during stevedoring and handling operations, the same shall be immediately collected and kept separately and instructions shall be sought from FACT officers regarding its bagging / disposal. However, if such damage happens due to negligence/ careless acts on the part of the contractor the cost of the damage shall be to the account of the contractor.

### BAGGING & STANDARDISATION

- 9.27 Empty bags required for bagging the products will be despatched to the port by FACT as free issue and the same shall be unloaded and received at the godown/s by the contractor at his cost. The contractor shall be responsible for the safe custody of the empty bags. The contractor shall transport the empty bags to the godowns (& wharf, if required) for bagging as and when required without any extra cost to FACT.
- a) Weighing and stitching machines shall be arranged by the contractor at his cost for standardization of the cargo in the godowns or in the wharf / open space, as required. Moving the weighing machines, stitching machines etc. within premises of the work shall be carried out at contractor's cost. Operation and routine maintenance of these machines shall also be carried out by contractor at his cost. Adequate number of these equipment shall be mobilized by the contractor to ensure speedy operations in the wharf / godowns. The contractor shall keep all equipment, weighing and stitching machines etc., in good working condition and should have valid statutory certificates as applicable.
- b) The contractor shall do the bagging of bulk fertilisers and standardising to **50 kg** (net weight) per bag by using scales duly certified by the Department of Legal Metrology. The contractor shall ensure that bulk cargo is bagged on all days (except on the Port / National holidays) as per requirement of FACT. The contractor shall organize the required number of labourers and supervisory staff at the contractor's cost to ensure that bagging is done continuously and proper filling, standardisation, and stitching of bags to meet the required minimum rate of bagging specified for each port productwise in earlier paragraph. The bagging operations should be geared in such a way that the despatch is carried out as per FACT's requirement.

- c) Standardization shall be deemed to include carrying bags filled with products to weighing machines; opening the mouth of the bags, if required for re-standardisation, by carefully removing the twines without damaging the bags; putting in or taking out required quantity of fertiliser as may be necessary in order to ensure that the net weight is 50 kg and thereafter removing bags from scales; feed them to stitching machines; stitch the standardised bags; taking check weighments at random to ensure accuracy of standardisation; collect stitched bags from the machines and stack them in the godown or load directly into the trucks for despatch. During these operations if bag gets damaged due to cuts, tearing etc. the product shall be rebagged, standardised & stitched as described above and such cut & torn bags shall be accounted.
- d) Packed and standardised bags should be duly machine stitched with good quality thread (to be supplied by contractor at his cost) conforming to the following specification: DT-2-2 Ply Rayon cord 1650/2 denier of H3 grade 7/7 TPI or equivalent quality in Rayon. Stitching machines and power generator, if required, to operate the same at wharf /godowns are to be provided by the contractor. They should also ensure that **NO HOOKS ARE USED ON THE BAGS** during handling.
- e) The standardised and stitched bags shall be test weighed on random basis in the presence of FACT's officers/ surveyors / representatives and if any variation in weight is observed, the contractor shall re-standardize the lot concerned at his own cost. During the course of standardization, check weighment shall be done periodically so as to verify the accuracy of the standardization. Standardization shall be done accurately and no chance should be given by the contractor for complaints of variation, in weight. FACT or its representative(s) / surveyor reserve the right to inspect the bagging and standardisation process at any time and the contractor shall facilitate the same. If a batch is found to weigh differently from the standard prescribed (i.e) 50kg net per bag on inspection by contractor's supervisor or FACT's representative(s) / surveyor, the whole batch shall be re-weighed and re-standardized as necessary without any extra cost to FACT. Lorry loads shall be weighed at random if required by FACT at weigh bridges situated in and around port premises for cross checking the correctness of standardisation by comparing the calculated gross weight of bags based on the number of bags loaded in the trucks. If the weighment shows presence of non-standard bags in the truck load, all the individual bags in the truck shall be re-weighed and re-standardised as necessary without any extra cost to FACT.
- f) The contractor shall account for the bags received from FACT and utilized by him. The permissible limit of five (5) bags per Thousand (1000) bags used is normally allowed towards cuts and tears while conducting the bagging operations.

g) FACT reserves the right to recover from the contractor, the value of unaccounted bags and bags damaged over and above the normal permissible limit given above at the rate of Rs. 30/- per bag.

9.28 Bagging and standardization operations and release for transporting to various stations shall be done at the Wharf / Godowns as and when required. The contractor will be responsible for safe custody of stocks until they are despatched to destination as per “Despatch Instructions” given by FACT.

a) A daily report about the quantity standardized and balance to be standardized is to be maintained. A proper record of the deliveries made and those transported to godowns should be maintained.

b) Bagging and standardisation shall be carried out as per laid down specifications and standards. In case of any complaints or non-compliance of statutes related to the work undertaken by the contractor, and/or any penalty levied by the department concerned the contractor shall be liable for rectification of the non-compliance at no extra cost to FACT and shall bear all penalties, extra expenses etc. pursuant to such acts of non-compliance. In case the contractor fails to comply with the above and FACT is required to incur any expense on that account, such expenses shall be recovered from contractor.

**LOADING INTO TRUCKS IN GODOWNS:**

9.29 The standardized material is to be either stacked in the godown or loaded into trucks directly. Proper accounting of the above operation must be separately maintained. Tally / Supervision charges on this account will be borne by the contractor.

**WAGON LOADING:**

9.30 Sufficient number of trucks should be provided for transport of standardised bags to the godowns and Rail heads, as required.

a) The contractor shall place indents in accordance with FACT’s despatch instructions. Statutory Railway charges if any charged by railways shall be borne by FACT. The contractor shall follow up with the Railway authorities concerned for allotment of rakes as per indents placed. In case of any delay / difficulty in allotment, FACT shall be promptly kept informed of the same. The wagons, when allotted and placed, shall be inspected for fitness and cleaned, if required, prior to loading. Loading of wagons shall commence without loss of time. Adequate labour shall be deployed for the work to complete the loading within the free time allowed by the railways avoiding incidence of any demurrage. In case loading is delayed on account of the contractor,

beyond the permissible free-time allowed by railways from time to time, the demurrage, if any payable to the railways shall be borne by the contractor. The contractor shall ensure that hooks are not used on the bags while handling the bags during the operation.

- b) Contractor shall be responsible for loading correct number of bags in to the wagons/rake and the quantity shown in the RR based on the number of bags loaded in the wagons/rake. The contractor shall depute his representative(s) to the rail head at the destination to witness unloading and counting of bags in each wagon/rake and satisfy himself the quantity of receipt at the rail head at the destination. On the joint rake handling report, signature of Agent (at the destination) authorized by FACT will be accepted in the absence of any FACT official, to sign the report on behalf of FACT. Variation in RR quantity vis-a-vis the quantity unloaded shall be reconciled for all rail consignments for each shipment separately. Net shortage (total shortage less total excess as per RRs vis-a-vis receipts at destination rail heads), if any, for each shipment will be considered for the computation of handling loss. Any idle freight or penalty for excess loading charged by Railways at despatching station or destination station consequent to wagons not being loaded to full capacity or exceeding the permitted capacity for reasons attributable to the contractor shall be recovered from the contractor.
- c) After the loading is completed, Forwarding note shall be submitted to the Station Master / Goods Clerk in compliance with the extant rules of railways.
- d) Railway freight amount will be paid by FACT to the Railways directly wherever possible. Whenever it is not possible, the contractor shall make payment of freight to railways for and on behalf of FACT from the funds provided by FACT to the contractor for that purpose. Contractor shall obtain and scrutinize the Railway Receipts (RR) to ensure that they are correctly made and there is no discrepancy of any nature. The contractor shall arrange to send the original RRs immediately to FACT's office/representative at the destination for arranging clearance of rake at the destination. In case the clearance of rake is delayed due to delay in receipt of the RR by FACT and demurrage, if any, payable to railways at the destination, the same shall be to the account of the contractor. The contractor shall also furnish by FAX / e-mail a statement giving all particulars of despatch along with copy of the RRs immediately.

e) If wagons are to be unloaded at the request of Railways, the contractor shall arrange the unloading of the wagons so requested and subsequent re-loading of the wagons provided by railways and the expenses shall be borne by the contractor, if such unloading & reloading has been caused due to reasons attributable to the contractor. If the charges are to be borne by railways necessary claim may be put up to railways by the contractor for and behalf of FACT and the contractor shall be reimbursed the amount paid by railways as and when received from railways.

9.31 Road despatches / deliveries shall be effected by the contractor strictly as per “Despatch Instructions” issued by FACT and necessary documents including serially numbered Material Delivery Advice (MDA) shall be issued by the contractor on behalf of FACT. The contractor shall ensure receipt of acknowledgements on MDAs for all deliveries effected by him.

9.32 In all cases of movement by road or rail, necessary documentation should be prepared, receipts at delivery point obtained in accordance with the instructions given by FACT from time to time.

#### 10. HANDLING LOSS:

a) The contractor shall ensure that the handling losses, if any, do not exceed **0.1%** (zero point one percent) of the Bill of Lading (B/L) quantity or DSR (Draft Survey Report) quantity, whichever is lesser, for each Vessel. Handling losses will mean difference between (i) the least of the B/L quantity and DSR quantity and (ii) the actual quantity received which is described as follows. The actual quantity received shall be reckoned based on (i) the quantity bagged including despatched **plus** (ii) quantity of sweepings / damaged (during stevedoring, handling, rake loading etc.) Sweeping/ damaged quantity would be considered on weighment basis. The handling losses will also include short receipt at the rail head destination duly certified by FACT officials, in terms of number of bags where the material is despatched by Rail.

b).In case handling losses, determined as above, exceed the limit as stated above for each vessel, FACT shall recover, (i) the cost of the shortages in excess of the said limit from the dues/bills of the contractor at 150% of the value (MRP plus Govt. Subsidy) of product as applicable and (ii) the value of work executed to the extent of such shortage exceeding the said limit.

c) Excess quantity, if any received over the quantity as per BL/DSR shall be exclusively to FACT's account.

d) In the event of bunching of vessels carrying same cargo, including up to completion of standardization, shortage will be assessed on a combined basis for those vessels, for the purpose of calculating handling loss.

dated 18.05.2023

The Contractor shall obtain at his cost all permits, license and other authorisation, as required for his work, from Govt. authorities. The Contractor shall maintain proper records & registers as required by the concerned statutes and submit them to FACT as and when required.

Proper records of payment of wages to workers/labourers/crew etc. engaged in the work shall be maintained by the Contractor and produced for inspection when required by FACT.

The Contractor shall be responsible for all payments to his workmen including Employees State Insurance and Provident Fund benefits etc., if any, i.e. FACT shall not make any payments to the Contractor other than the rates agreed for the work. All extra payments, if any, to be made to the Contractor's workmen during the course of contract period shall be borne entirely by the Contractor.

The Contractor shall obtain valid registration under the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 (PF) & The Employees' State Insurance Act, 1948 (ESI) and shall ensure full compliance with the above Acts. The workers deployed by the contractor for the work shall be covered under the Acts. The contractor shall regularly remit the PF/ESI contributions in respect of their employees and file regular returns, as prescribed under the respective acts. The copy of monthly PF/ESI remittance challans along with periodic returns shall be furnished together with the subsequent monthly bills. In case FACT is to incur any expenditure/loss in the capacity as Principal Employer due to non-compliance on the part of the contractor of these Acts, such expenditure/loss shall be recovered from the contractor.

Tenderers shall submit the registration certificate with Labour dept./PF/ESIC if available. If the tenderer is not registered under ESI/PF Act, tenderer shall submit PF/ESI Registration certificate before commencement of work. Failure to produce the original certificates at the stage of starting the work would result in disqualification and forfeiture of EMD and also liable for debarring from participation in future tenders.

The workers deployed by the contractor for the work shall be covered under the PF & ESI Acts. The contractor shall ensure full compliance to the above Acts. The Contractor shall be responsible for making all payments to his workmen, including ESI and Provident Fund benefits etc., as applicable.

Payment of PF & ESI for the month, both the employer's (in this case contractor) and employee's (in this case workmen employed by the contractor) contributions should be deposited in the bank in the permanent PF code number and challan obtained before the 15th of the subsequent month should be forwarded to the company.

The contractor will, in turn, submit the documentary evidence in support of payment of PF & ESI of each month along with subsequent month RA Bills.

In case the Contractor fails to discharge his statutory obligations leading to a situation wherein FACT is to incur any expenditure/loss in their capacity as the Principal Employer such expenditure/loss shall be realised from the Contractor.
